One of the best vintages in the last twenty years. The entire growing cycle of the vine took place under the best possible conditions. A cold winter with frequent heavy rainfall and low temperatures gave way to a dry spring with slightly above average temperatures, enabling uniform budding and perfect flowering. Showers in the summer months were scarce but fortunately heavy, which made it possible to carry out sustainable and environmentally friendly pest and disease management. Hot, sunny days with excellent day-night temperature variations enabled the bunches to achieve ideal ripening by the end of September: the berries were perfectly healthy and acidity was high, despite elevated sugar concentration. The harvest of Sangiovese, which was completed by the end of the month, delivered perfectly healthy grapes with a very thick skin, a prerequisite for long macerations and for wines with great ageing potential.

Intense ruby red colour with garnet reflections. The nose expresses the typical aromas of violet and small red fruits followed by subtle hints of coffee. The wine is warm on the palate, with a dense and full-bodied texture. The finish is long and persistent, with soft and well-defined tannins

Food pairings should be on par with the importance of Brunello Riserva: traditional Florentine steak, dishes based on wild boar, lamb, suckling pig, wild game, and aged cheeses such as Parmigiano Reggiano, Pecorino, Provolone and Castelmagno.
