Vintage 2009 was characterized by quite distinct phases. In the spring, during the early vegetative development of the vines, considerable rainfall allowed for an accumulation of water reserves to be used to relieve the rather hot and dry summer months. September was mild, with very satisfactory variations in daytime and night-time temperatures. Ripening progressed in a uniform fashion, producing prime quality grapes. Alcohol levels were rather high with optimal degrees of total acidity and extracts. The polyphenol content was substantial and qualitatively well balanced.

Complex ruby red color, limpid and brilliant. On the nose, scent of small fresh fruits and light morello cherry together with hints of blackberry and black cherries followed by a pleasant hint of vanilla. Good intensity and fragrance. On the palate it is warm, soft, with medium structure and balanced tannins. The wine is harmoniously dry, dynamic, and fresh with a good aromatic persistence.
